

Selective herbicides

For control of broad leaved weeds in lawns, sports and amenity turf. For the best results the grass and weeds should be actively growing at the time of application.

Product	Active Ingredient	Description	Dose Rate / Water Volume
Bayer Longbow	70g/L 2,4-D 70g/L MCPA 42g/L MCP-P 20g/L Dicamba Pack size: 5 litres	Powerful combination of 4 active ingredients ensures control of a broad spectrum of weeds including knotgrass and ragwort. Advanced nonhazard, non-irritant Herbicide. MAPP: 16528	Pedestrian Sprayers 75ml /100M² in 5Ltrs water Vehicle Mounted Sprayers 7.5Ltr/Ha in 500Ltrs water PCS: New
Barclay Holster XL	15.1% w/v Fluroxypyr 43%w/v 2,4-D 5.25%w/v Dicamba Pack size: 2 litres	Holster is a top selective herbicide for the control of a wide range of broad-leafed weeds in lawns, sports and amenity turf including fine turf. MAPP: 13596	Pedestrian Sprayers 20ml /100M² in 5Ltrs water Vehicle Mounted Sprayers 2Ltr/Ha in 500Ltrs water PCS: 03313
ICL Praxys	144g/L Fkuroxypyr 80g/L Clopyralid 2.5g/L Florasulam Pack size: 2 litres	A selective weedkiller with three active ingredients to provide control right down to the roots. Rapid entry and rainfast within one hour which gives a wide range of weed control. MAPP: 13912	Pedestrian Sprayers 20ml /100M² in 2Ltrs water Vehicle Mounted Sprayers 2Ltr/Ha in 200Ltrs water PCS: 03510

Selectives for use in grassland and forestry

Not recommended for use on fine turf.

Product	Active Ingredient	Description	Dose Rate / Water Volume
Icade	12g/L Aminopyralid 120g/L Triclopyr Pack size: 1 litre	A tough weed herbicide for use in amenity grassland and non-crop areas. ICADE is effective against a wide range of tough and invasive weeds including Japanese Knotweed, Hogweed and Buddleia. MAPP: 16182	Pedestrian Sprayers 150-200 ml /100M² in 10Ltrs water Vehicle Mounted Sprayers 2-4Ltr/Ha in 300-600Ltrs water

USE PESTICIDES SAFELY: ALWAYS READ THE LABEL

Algaecides / moss control

Fungicide	Active Ingredient	Pest Control	Dose Rate / Water Volume	Description
RT Qualgex	Didecyldimethyl ammonium chloride Pack size: 5 litres	Algae & Moss	Pedestrian Sprayers	For use on hard surfaces and artificial grass Not suitable for natural grass HSE: 7716
RT Algolite	Didecyldimethyl ammonium chloride Pack size: 1 litre	Algae & Moss	Pedestrian Sprayers 1Ltr /100M² in 20Ltrs water	For use on hard surfaces and artificial grass Not suitable for natural grass HSE: 9118
Eagle Green Care	Polysulphides Pack size: 5 litres	Nematodes	Pedestrian Sprayers Apply at 50ml/M ² 400ml in 10Ltrs water Vehicle Mounted Sprayers Apply at 50ml/M ² Prepare at 4% v/v dilutions	Drench into the surface of grass where nematode induced damage is apparent, or nematode populations in soil are at risk thresholds If in doubt seek expert advice prior to treatment

Total herbicides

Product	Active Ingredient	Description	Dose Rate / Water Volume
Bayer Pistol	40g/L Diflufenican 250g/L Glyphosate Pack size: 5 litres 1 litre packs available	A barrier acting non-selective total herbicide for the control of a wide range of annual and perennial broad-leaved weeds and grasses. For use on soft and gravel surfaces in amenity situations. One application can give up to 6 months control. Formulation is nonhazardous. MAPP: 12173	Pedestrian Sprayers 60ml /100M² in 5Ltrs water Vehicle Mounted Sprayers 6Ltr/Ha in 500Ltrs water PCS: 02530
Bayer Finale 150	150 g/l Glufosinate Ammonium Pack size: 5 litres	A foliar contact herbicide for control of grasses and weeds on natural/permeable surfaces. Effective control of field horsetail and creeping thistle. Can also be used for preparing sports turf for line-marking. MAPP: 16733	Pedestrian Sprayers 30-50 ml/100M² in 4.5Ltrs water Vehicle Mounted Sprayers 3-5 ltr/Ha in 400Ltrs water
Roundup ProActive	360 g/L Glyphosate Pack size: 5 litres	A foliar applied translocated herbicide for the control of annual and perennial grass and broad-leaved weeds before sowing. For the control of emerged weeds in industrial, amenity, forestry and aquatic areas. MAPP: 17380	Pedestrian Sprayers 250 ml/500M² in 10Ltrs water Vehicle Mounted Sprayers 5 Ltr/Ha in 200Ltrs water
Barclay Trustee Amenity	450 g/L Glyphosate Pack size: 5 litres	Trustee Amenity is a systemic herbicide for the control by foliar uptake of most broad-leaved and grass weeds in amenity vegetation, enclosed water, hard surfaces, permeable surfaces and open water. MAPP: 12897	Pedestrian Sprayers 195 ml/500M² in 10Ltrs water Vehicle Mounted Sprayers 3.9 ltr/Ha in 200Ltrs water
Barclay Gallup Hi-Aktiv Amenity	490 g/L Glyphosate Pack size: 5 litres	A premium strength non-irritant formulation which is rainfast with 1-2 hours after application. This fully wetted formulation requires no other additional surfactants. Gallup Hi-Aktiv Amenity controls annual, perennial grasses, broad-leaved weeds in amenity, industrial, forestry and aquatic situations. MAPP: 12898	Pedestrian Sprayers 180 ml/500M² in 10Ltrs water Vehicle Mounted Sprayers 3.6 ltr/Ha in 200Ltrs water
Chikara	25% w/w Flazasulfuron Pack size: 150 grams	Chikara Tough Weed Herbicide is a systemic, pre-emergent and early post-emergent herbicide. Chikara combines both a contact and residual mode of action to control annual and perennial weeds on natural surfaces and permeable surfaces including shrub beds. One application of Chikara can save repeated strimming visits to clear around obstacles, fence lines, headstones and similar situations. This represents good value for money and reduces operator exposure to hand/arm vibration (HAV) risk. MAPP: 14189	Pedestrian Sprayers 15 grms/1000M² in 15Ltrs water Vehicle Mounted Sprayers 150 grms/Ha in 200-600 Ltrs water
